

TCM Forklift Part

TCM Forklift Parts - In the international business of material handling, forklifts play an important role for transporting industrial goods. Initially innovated as industrial vehicles in the 1930s in America, lift trucks gained recognition following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread worldwide.

In nineteen forty nine, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the business is simply called TCM Corporation. Over the years, TCM forklifts have become a global leader in lift truck manufacturing and have built a solid reputation with the trade. TCM started building forklift manufacturing sites outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures many models of industrial trucks with more than 50 years of accumulated expertise and technology, making their products recognized and used all around the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading company.
