

## Spreader Bars for Forklift

Forklift Spreader Bars - ELME has been proudly operating ever since 1974, becoming the biggest independent spreader producer all-around the world. They are a dedicated producer of spreaders for many various applications like for example the handling of containers, swop bodies and trailers.

Engineering is done in house by means of utilizing all of the most up-to-date FEM tools and CAD systems. The ELME company presently has over 125 employees. Their spreaders are supplied to reach gantry, quayside, ship-to-shore cranes, stackers, straddle carriers and lift trucks around the world.

The ELME product collection offers spreaders utilized for a variety of container and trailer handling operations. A few of their inventory include: Reach Stackers, Harbour Cranes, Lift Trucks, Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail Mounted and Rubber Tired Gantry Cranes as well as a huge variety of attachments.

Production and manufacturing of ELME products are established in highly automated purpose designed factory. In the year 2008, they created 1150 spreaders by means of using quality components so as to ensure dependability and excellent standards. Major features of ELME comprise design simplicity, market feedback and ground-breaking modular spreader concept.
